

REPORT ON COLLAGE MAKING COMPETITION

To enrich student's experience in pictorial making competition, Soundarya composite pu College is always encouraging its students to display their hidden talent through various co curricular activities. The college provided a platform of collage making competition in 8th July bases on the theme 'Renewable energy for better future'. Abiding by the rules of the competition, the enthusiastic students exhibited their divergent thinking and creativity.

With the active participation of many students, the event was a grand success. Certificate of participation was distributed to all candidates participated in competition. The e-posters (collage) were evaluated by the selected committee of judges and certificates were distributed to the winners.
