REPORT ON INDUSTRIAL VISIT TO SAPTAGIRI MEDICAL COLLEGE

Around 300 students of second pu from Soundarya PU college visited Saptagiri medical college along with the faculty.

Saptagiri hospital is a multi specialty hospital with a standard infrastructure providing service and consultation in various branches like cardiology, neurology, dental, ENT, gynecology, urology etc. The hospital was also known to have anesthetic, laparoscopic surgeon and also a general surgeon.

The hospital has various departments like clinical pathology, diagnostic imaging department, accident and emergency care, critical care, general surgery, gynecology, maternity unit and a pharmacy. The hospital is also equipped with EKG machine, ultrasound, Bone Sean etc.

This field visit to the hospital made students to know about the procedures undertaken in the hospital and about the facilities and equipments available there and leant about their uses in diagnostics. The visit was a memorable and useful experience to the students.
