

## Industrial Visit to Lakshmi Precision Tools

An industrial visit to Lakshmi Precision Tools at Peenya Industrial Area, provided our commerce students with valuable insights into manufacturing processes, supply chain management, quality assurance and business operations. Our Students of G-1 and G-5 had a hands on experience on cost control, inventory management and the role of technology in modern manufacturing. Additionally, seeing real-world applications of concepts studied in class can enhance their understanding and appreciation of commerce in action.

Mr.Kiran.Kumar.D,Co-Ordinator, Kautilya-Commerce Forum,was instrumental in organising the planned visit to the industry.

Other lecturers from Commerce department actively,accompanied the students.
