

## Collage Competition on ‘Connecting people and planet: Innovating for a sustainable and connected future’

To draw out the immense creativity of the students, a Collage making competition was held by SCIENTIA (Science Club) on 02/08/2024. The theme of competition was ‘**Connecting people and planet: Innovating for a sustainable and connected future**’. Huge participation was received from the students of science wing. Twenty two teams, consisting of two members each participated in the event held. The competition was to create awareness about sustainable development amongst students and to explore the student’s creativity. A great enthusiasm was seen in the students during the event. They used a variety of material to create the collages based on relevant theme. The effort of students was remarkable and the most creative collages were selected as winner. The students thoroughly enjoyed the whole session.

The event was coordinated by Mrs. Radhika, HOD-Chemistry in association with other members of Science club. Judges of the competition were Mrs. UshaRani H, Mrs. Sneha Pai and Mr. Ranjith Kumar.
